ROSEMUNDE

*a luxury feeling
- every day*

The FALL 2018 collection appreciates the timeless, classic companions together with the new season's interpretations of dressed down glamour embracing the feminine and elegant understated style. It makes room for mixing vintage with modern, the romantic with sharp suiting whispering high luxury. At the same time, the collection recognises a decadent and soft sophistication offering a luxury feeling - every day.

Will be delivered in July, August and September.
